## MARK SCHEME for the May/June 2013 series

## 9700 BIOLOGY

9700/35

Paper 35 (Advanced Practical Skills 1), maximum raw mark 40

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

	Page 2		Mark Scheme GCE AS/A LEVEL – May/Jun	e 2013	Syllabus 9700	Paper 35
					0100	
1	(a) (i)					[2]
	mp1	add	ows correct use of 20 % glucose) s 6, 8, and 10 cm <sup>3</sup> of 20 % glucose to p cose;	repare correct f	inal concentration	on of
			volume of 20 % glucose solution / cm <sup>3</sup>		age concentrat glucose	tion of
			6		6	
			8		8	
2			10		10	
MMO decisions	mp2	add	ows the correct use of distilled water) s 14, 12 and 10 cm <sup>3</sup> of (distilled) water, cose;	/W to prepare c	orrect final conc	entration of
Σ			volume of distilled water / cm <sup>3</sup>		age concentrat glucose	ion of
			14		6	
			12		8	
			10		10	
	(ii)					[1

Mark Scheme	Syllabus	Paper
GCE AS/A LEVEL – May/June 2013	9700	35

(b)		[5]
	mp1	suitable drawing;
PDO layout 1		<ul> <li>Do not give mark if <ul> <li>any shading</li> <li>draw over the print of the question</li> <li>any ruled lines</li> <li>less than 40 mm at widest distance across largest cell</li> <li>less than six enclosed areas</li> </ul> </li> <li>or if any outer lines (of enclosure) <ul> <li>are thicker than 1 mm</li> <li>are feathery or broken / dashed or have gaps</li> <li>have tails or overlaps</li> </ul> </li> </ul>
	mp2	only <u>6</u> complete cells drawn <b>AND</b> as two groups of 3 touching cells;
ection 3	mp3	the largest dimension of the biggest cell from near the centre of the stem is at least 3 times the smallest dimension of the smallest cell from the corner ;
MMO collection 3	mp4	in one group of three cells, all cells must be drawn with double lines all the way round <b>AND</b> where two pairs of cells touch there must be 3 lines (representing the middle lamella);
MMO decision 1	mp5	one correct label <u>cell wall</u> , with <u>one</u> label line which must touch outermost line of a cell or finish between the two cell wall lines;

Page 8	Mark Scheme	Syllabus	Paper
	GCE AS/A LEVEL – May/June 2013	9700	35

(c) [max 4]						
PDO recording 1	1	0		ID headed and <u>Fig. 2.3</u>	<b>AND</b> third column contains features;	
	Additional guidance: column/row with features can be left, right or in middle and does not require heading <u>J1 Fig. 2.3</u>				t, right or in middle and	
			feature		L1	Fig.2.3
lax 3		mp1	vascular bundles tissue/xylem		fewer/few separate bundles/ring/in the corners	many/more ring/separate bundles;
tation m	max 3	mp2	hollow centre/pith (some slides)		present or has or yes	absent or does not have or no(ne);
ACE interpretation max	max s	mp3	thickening/collenchyn sclerenchyma/ fibres/described	na	present or has or yes of in corner or forms bumps	n absent or does not have or no(ne);
AC	mp4 Idea		Idea of gaps/air space	aces absent or does not have or no(ne)		present or has or yes;
		mp5	outer layer(s)/cortex/ epidermis		thick(er ) or idea of regular cells	thin(er) or idea of irregular cells;
