## MARK SCHEME for the May/June 2007 question paper

# 0452 ACCOUNTING

0452/03

Paper 3, maximum raw mark 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the May/June 2007 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

## (d) Assist in the location of errors

Provide instant totals of debtors/creditors

Proves the arithmetical accuracy of sales/purchases ledgers

Enable the Balance Sheet to be prepared quickly

Provide a summary of the transactions relating to debtors/creditors

Provide an internal check on sales/purchases ledgers – may reduce fraud
