2 Amina Nawaz is a sole trader. Her financial year ends on 31 August. The trial balance prepared on 31 August 2006 showed a shortage on the credit side of $\$ 1450$. Amina entered this in a suspense account.

The following errors were later discovered:
1 Goods costing \$750, taken by Amina for her own use, had been debited to her drawings account, but no other entry had been made.
$2 \$ 250$ paid to Sabina Khan had been debited to the account of Robina Khan, another creditor, in the purchases ledger.
$3 \$ 150$ received in cash from a debtor, whose account had been written off in 2005, had been debited to both the cash account and bad debts account.

## REQUIRED

(a) Prepare the entries in Amina Nawaz's journal to correct the above errors.

## Narratives are not required.

Journal

(b) Prepare the suspense account in Amina Nawaz's ledger to show the required amendments. Start with the balance arising from the difference on the trial balance.

Where a traditional " $T$ " account is used it should be balanced or totalled as necessary. Where a three column running balance account is used the balance column should be up-dated after each entry.

Amina Nawaz has a large number of debtors. She is considering preparing monthly control accounts for her sales ledger. She believes that this will help to locate errors if the trial balance fails to balance.

## REQUIRED

(d) State three advantages to Amina of preparing a sales ledger control account other than the location of errors.
(i) $\qquad$
$\qquad$
(ii) $\qquad$
$\qquad$
(iii) $\qquad$
$\qquad$
(e) Explain what is meant by a contra entry in connection with control accounts.

4 David Parnell is a trader. His financial year ends on 30 September. He purchased the following motor vehicles on credit from Peter Drury on 1 October 2004.

Motor vehicle KUA 468 costing $\$ 20000$
Motor vehicle VWU 503 costing $\$ 16000$
David Parnell decided that depreciation should be calculated on motor vehicles owned at 30 September each year at the rate of $25 \%$ per annum, using the straight line method. A full year's depreciation should be provided in the year of purchase, but no depreciation should be provided in the year of disposal.

On 1 April 2006 David Parnell decided that only one motor vehicle was required and he sold motor vehicle VWU 503 on credit to Remuera Traders for \$12 500.

## REQUIRED

(a) (i) Name one accounting principle which is applied when fixed assets are depreciated.
$\qquad$
(ii) Explain why the accounting principle named in (i) is applied when providing for depreciation of fixed assets.
$\qquad$
$\qquad$
$\qquad$
(b) Write up the following accounts in David Parnell's ledger for each of the years ended 30 September 2005 and 30 September 2006:
(i) Motor vehicles account
(ii) Provision for depreciation of motor vehicles account
(iii) Disposal of motor vehicles account

Where traditional " T " accounts are used they should be balanced at the end of each year and, where appropriate, the balance brought down on the first day of the following financial year. Where three column running balance accounts are used the balance column should be up-dated after each entry.
