MARK SCHEME	
Maximum Mark: 50	

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2019 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

This document consists of **23** printed pages.

Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:
 	
Marks must be awarded in line with:
 	
    the specific content of the mark scheme or the generic level descriptors for the question
    the specific skills defined in the mark scheme or in the generic level descriptors for the question
    the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2: Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:
 	
Marks must be awarded **positively**:
 	
    marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
    marks are awarded when candidates clearly demonstrate what they know and can do
    marks are not deducted for errors
    marks are not deducted for omissions
    answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4: Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5: Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).
GENERIC MARKING PRINCIPLE 6: Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

1   General Marking Principles

1.1   Crossing out:

If a candidate changes his/her mind over an answer and crosses out an attempt, award a mark if the **final** attempt is correct.

If a candidate crosses out an answer <u>to a whole question</u> but makes no second attempt at it, mark the crossed out work.

1.2   For Questions 2 and 3, if the candidate has written an answer in the space provided for that purpose, you should ignore anything written anywhere else, unless:

there is an indication from the candidate that other material should be considered

the candidate has continued their answer outside the space provided

there is no answer in the space provided

1.3   Annotation used in the Mark Scheme:

tc = 'tout court' and means that on its own the material is not sufficient to score the mark.

BOD = benefit of the doubt and is used to indicate that the Examiner has considered the answer/that part of the answer and judged it to be more correct than incorrect: the benefit of the doubt is given to the candidate and the mark is awarded.

1.4   No response and '0' marks

Award NR (No Response):

If there is nothing written at all in the answer space or

If there is only a comment which does not in any way relate to the question being asked (e.g. 'can't do' or 'don't know') or

If there is only a mark which isn't an attempt at the question (e.g. a dash, a question mark).

Award 0:

If there is any attempt that earns no credit. This could, for example, include the candidate copying all or some of the question, or any working that does not earn any marks, whether crossed out or not.

1.5   Optional questions: you must mark all questions attempted by the candidate. Where a question has not been attempted then a NR must be entered. (For Question 3 only, after marking the question(s) the candidate has answered, NR is populated automatically when you click on 'Complete'.) Where the candidate attempts more than one of the alternatives in **Question 3**, only the candidate's best result will be aggregated.

Question	Answer	Marks	Guidance

Question 1

Candidates are required to list 8 items in Italian. Read all of the items that the candidate has listed and award marks as follows:

(i) Select the most correct items up to a maximum of 5. Award 1 mark for each correct item up to a maximum of 5. Stop ticking once 5 items have been rewarded.

(ii) On Question 1, award marks for items wherever the candidate has written them.

(iii) **If the candidate offers more than one word per line, award a mark for each acceptable item**

(iv) The pictures provided on the question paper are only suggestions.

(v) Mark for communication. Tolerate inaccuracies, provided the message is clear. Ignore any definite / indefinite article, possessive adjective, etc. Ignore any verbs.

(vi) If spelling is questionable, start by referring to the detailed mark scheme. Refer to the bullet points below if no decision on the spelling you have encountered is recorded there.
   'If in doubt, sound it out': if you read what the candidate has written, does it sound like the correct answer?
   Look-alike test: does what the candidate has written look like the correct answer, e.g. one letter missing but no other word created.
   If the first part of the word is correct, small errors in what comes next are less likely to impede communication (unless they suggest another meaning).
   Where letters are transposed, the word is likely to communicate (unless another word has been created).

(vii) Once marking proper starts, if there are five clearly acceptable items, award marks wherever these are in the list. This approach may allow questionable versions to be ignored.

(viii)Refuse all nouns which are repeated and which do not have a separate meaning.

(ix) Reject misspelt words which suggest a word with a quite different meaning. Where nouns are usually plural, accept the singular and vice versa.

Sei alla stazione ferroviaria. Cosa vedi? Fai un elenco <u>in italiano</u> di <u>8</u> cose.			
1	Binario (platform) is the example Treno Biglietto Biglietteria Ristorante Edicola Zaino, borsa, sacca Passaporto Poster Scale	5	Do not accept binario as this is the example provided Refuse: scali Accept only one family member if candidate writes more than one Accept misspelling of -gl into -l but refuse -gl into -lg (e.g. biglietto – accept bilietto; refuse bilgietto)

Question	Answer	Marks	Guidance
Question 2			

Candidates are required to answer the question. Read the whole answer and award marks as follows:

> **Communication: award a mark out of 10 according to the instructions in 2.1**
> **Language: award a mark out of 5 according to the instructions in 2.2**

2.1: Award a mark out of 10 for Communication

(i) Place the appropriate 'numbered' tick as close as possible to each relevant communication point in the body of the answer.

(ii) Award ticks flexibly across the tasks for each piece of relevant information conveyed, up to a maximum of 10. HOWEVER, each of the tasks must be covered to get the 10 communication marks:
   If 1 of the tasks is missing, the maximum communication mark is 9.
   If 2 of the tasks are missing, the maximum communication mark is 8 (and so on).

(iii) Add up the ticks to give a mark out of 10 for Communication.

(iv) For COMMUNICATION
   Look for a verb (finite or infinitive) before awarding a mark. Lists without a verb will not score.
   For language other than verbs, use 'rules' in Question 1: look alike, sound alike, etc.
   Misplaced adjectives, negatives and adverbs will not usually compromise communication.

(v) LISTS = a maximum of 3 marks for communication: lists of 1–3 items = 1 mark; lists of 4 items = 2 marks; lists of 5–6 items = 3 marks

(vi) Only reward each piece of information once.

(vii) Do not penalise factual errors.

(viii) What the candidate writes may not follow the order of the tasks on the question paper – this is fine.

2.2: Award a mark out of 5 for Language

Award a mark out of 5 for Language*, according to the Grade descriptors in the table below (see *Note on using mark schemes with Grade descriptors* (last page of mark scheme)).

Grade descriptors for Language (Question 2)

5	Straightforward vocabulary and structure. The style of writing is basic, but reasonably coherent. Use of a limited range of verbs, generally successful. More accuracy than inaccuracy.
4	Basic vocabulary and structure. Some awareness of verb usage, but inconsistent. The writing is sufficiently accurate for meaning to be conveyed.
3	Very basic vocabulary and structure. Little awareness of verb usage (e.g. infinitives regularly used instead of finite verbs). Despite regular errors, the writing often conveys some meaning.
2	A few phrases or short sentences are accurate enough to be comprehensible. Very simple sentence structure.
1	Disjointed words or short phrases, one or two of them accurate enough to be comprehensible.
0	One or two disjointed words or short phrases may be recognisable.

*Consider the whole answer when awarding mark for language

Total for Communication: 10 marks
Total for Language: 5 marks
Total for Question 2: 15 marks

Question 3			

Question 3

Candidates answer 1 question from a choice of 3. Read the whole answer and award marks as follows:

Communication: award a mark out of 10, according to the instructions in 3.1.
Language: award a mark out of 8 for Verbs, according to the instructions in 3.2.
award a mark out of 12 for Other linguistic features, according to the instructions in 3.3.

For question-specific guidance, see later in this mark scheme.

3.1 – award a mark out of 10 for Communication

(i)   There are 5 relevant communication points per question, each worth a maximum of 2 marks.

(ii) For each relevant communication point, use the appropriate numbered tick and place up to 2 of these ticks as close as possible to each relevant communication point (in the body of the answer).

2 ticks	Message clearly communicated. Minor errors (adjective endings, use of prepositions etc.) are tolerated.
1 tick	Communication of some meaning is achieved, but the message may be ambiguous or incomplete.
0 ticks	Nothing of worth communicated.

(iii) **Look for a verb (finite or infinitive) before awarding a mark for communication.**

(iv) Add up the ticks to give a mark out of 10 for Communication.

Question	Answer	Marks	Guidance

3.2: Award a mark out of 8 for accurate use of Verbs

When awarding ticks for Verbs, please refer back to the question in order to establish which tense is appropriate for the response. **For question-specific guidance, see later in this mark scheme.**

(i)   Place a tick above the **first** occurrence of each correct verb, up to a maximum of 18 ticks (details of how to award ticks are provided below).

(ii)   Place the tick so that it does not obscure the accent.

(iii) Convert the total number of ticks to a mark out of 8 using the Conversion table below.

Conversion table for accurate use of Verbs (Question 3)

Number of ticks	Mark
18+	8
16,17	7
14,15	6
12,13	5
10,11	4
8,9	3
6,7	2
4,5	1
0,1,2,3	0

Question	Answer	Marks	Guidance

	How to award ticks for accurate use of Verbs (Question 3):
	
	(a) Subject (noun or pronoun) + any finite verb
	      both subject and verb must be correct for the verb to score a tick
	      verb must be in the appropriate tense to score a tick
	      accents on verbs must be correct in order for a tick to be awarded
	      do not tick verbs contained in the 'letter etiquette': appropriate beginnings and endings to letters are considered for reward under Other linguistic features.

Question	Answer	Marks	Guidance
Grade descriptors for Other linguistic features (Question 3)			
11–12	Uses a wide range of structures effectively; produces longer, fluent sentences with ease. Highly accurate at this level, though not necessarily faultless. Makes effective use of a wide range of vocabulary fully appropriate to the task.		
9–10	Attempts a range of structures with a good degree of success. More complex language usually error-free^^. Uses a variety of relevant vocabulary at this level.		
7–8	In control of simple structures. Varied success with more complex structures. Accuracy is fairly consistent throughout*. Errors may occur when more ambitious language is attempted. Has sufficient vocabulary to add some interest to the writing.		
5–6	Attempts more than basic structures. On balance, the work is more accurate than inaccurate. Straightforward vocabulary relevant to the task.		
3–4	Reliant on basic structures. Some examples of correct language. Meaning usually conveyed. Basic vocabulary.		
1–2	A few phrases or short sentences are accurate enough to be comprehensible. Very simple sentence structure.		
0	One or two disjointed words or short phrases may be recognisable.		

^^subordinate clauses, linking words, object pronouns, comparative adjectives/adverbs, strong negatives usually error free.

*spelling of common words, genders, adjectival agreements and basic prepositions are almost always correct.

Question	Answer	Marks	Guidance
	Note on using mark schemes with Grade descriptors		

Note on using mark schemes with Grade descriptors

It is important that you award marks positively. In order to ensure that you reward achievement rather than penalise failure or omissions, you should start at the bottom of the mark scheme and work upwards through the descriptors when awarding marks.

You should adopt a 'best fit' approach. You must select the set of descriptors provided in the mark scheme that most closely describes the quality of the work being marked. As you work upwards through the mark scheme, you will eventually arrive at a set of descriptors that fits the candidate's performance. When you reach this point, you should always then check the descriptors in the band above to confirm whether or not there is just enough evidence to award a mark in the higher band.

For example when marking **Question 3**, you may find that a candidate uses a variety of relevant vocabulary but has varied success with more complex structures. In such cases, you will need to award a mark that takes into account both the strengths and weaknesses of the piece of work.

To select the most appropriate mark within each set of descriptors, you should use the following guidance:

> If most of the descriptors fit the piece (and after you have considered the band above), then you will award the top mark in the band.
> If there is just enough evidence (and you had perhaps been considering the band below), then you would award the lowest mark in the band.

Note on irrelevant material

In the case of an answer which is completely irrelevant to the chosen question (3(a) or 3(b) or 3(c)), a mark of 0 is given for Communication and for Language.

In cases where the chosen question was clearly attempted but communication of the set tasks was not achieved (e.g. due to inadequate language control), a score of 0 is given for Communication. Language marks (for Verbs and Other Linguistic Features) are based on any phrases that do communicate meaning.

Irrelevant material that has been included in an otherwise relevant answer does not score for Communication or for Verbs. Communication marks and Verb marks are awarded for the relevant parts of the answer only. The mark for Other Linguistic Features is based on the whole answer.
