UNIVERSITY OF CAMBRIDGE INTERNATIONAL EXAMINATIONS GCE Ordinary Level

MARK SCHEME for the October/November 2009 question paper for the guidance of teachers

7110 PRINCIPLES OF ACCOUNTS

7110/02

Paper 2 (Structured), maximum raw mark 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

• CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2009 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

- 2 (a) Depreciation is the loss in the value of a **fixed** asset (2/0) Depreciation spreads the cost of a **fixed** asset over its useful life (2/0) [2]
 - **(b)** Use/deterioration Wear and tear Obsolescence Time factor/age/old Depletion

[2] 1 mark per cause × 2

(c) Dr Cr \$ Disposal account 8 000 (1) Machinery account 8 000 (1) Provision for depreciation account 1200 **(1)** Disposal account 1200 **(1)** Bank/Cash account 7 000 (1) Disposal account 7 000 (1) Disposal account (either Dr/Cr) 200 (1of) Profit and loss account (either Dr/Cr) 200 (1of) (Any transfer to either P&L or disposal =1 mark each. No need to check figures) [8]

(d) Matching the cost of a fixed asset (or, by example) to the income earned in a given financial year (2/0) Spreading the cost of a fixed asset over the financial years of its use Charging a part of the cost of a fixed asset to the profit & loss accounts over its useful life

The expense of using a fixed asset during a financial year

(Accept other appropriate comments) [2]

(e) Fixed asset	Method and reason
-----------------	-------------------

- (i) Buildings Straight line (1) Asset depreciates evenly over its life (1)
- (ii) Computers Reducing/diminishing balance (1)

Large loss in value of asset in early years (1)

Technical improvements make computers rapidly out of date

(iii) Loose tools Revaluation (1)

Small items value varies each year and is difficult to measure. (1)

Method must be correct. Method wrong ignore reason. (Accept other appropriate comments)

Comparison between Easisell/Competitor

Where Jamal is treated as the similar business – no marks

(i) Controlling stock

Easisell has a lower/worse turnover rate than his competitor (2)

Their stock has more than doubled in the year/stock is moving slowly (2)

[4]

(ii) Net profit to capital percentage

Gross Profit to Sales %

Easisell has a lower gross profit to sales % than their competitor (2)

Easisell has a lower selling price per unit or higher cost price per unit (2)

Net Profit to Capital

Easisell's return on capital is significantly higher than their competitor (2)

A greater net profit has been earned in relation to capital invested (2)

Easisell has a better control of expenses/is more efficient (2)

[4 max]

(iii) Ability to pay creditors

Easisell has a lower/worse working capital ratio than their competitor (2)

Current ratio is approximately half that of the competitor (2)

The business has a bank overdraft and therefore may have difficulty in paying creditors (2).

There is a risk that creditors will refuse to supply goods because they are not paid on a

There is a risk that creditors will refuse to supply goods because they are not paid on a timely basis (2)

Current assets can cover current liabilities but Easisell may have difficulty in paying creditors (2) [4 max]
